**3-Ply White
Beverage Napkin**

3-Ply White Beverage Napkin (AS5BN)

Have a special event coming up? Showcase your company name or logo on white, folded 3-ply, white beverage napkins! Made from recycled materials, these hostessing accessories measure 10" x 10" when fully opened and can contain up to 30% post-consumer materials. A great promotional product for banquet halls, country clubs and restaurants. They would be perfect accents for weddings and other celebratory events. Ideal for airlines and hotels too!

A local bar has napkins printed for Veterans Day with an American Flag theme. Printed on the napkin, is a message stating, "Thank a Veteran" and a space to write on. Customers coming into the bar write the name of a service member they know and want to honor, so the bar can post the napkin on the wall creating a visual thank you to all Veterans.

At a wedding, all the napkins have a message from the bride and groom and space to write printed on them. Guests can write words of advice or wisdom, or simply a special thank you note for being a part of their special day, by leaving the written on napkin at the table.

At a fundraiser, napkins are printed with the organization's logo and a special thank you message to all of the sponsors listed.

For an annual golf outing, lunch is provided and on the napkins is a message of prize holes throughout the course. Additionally, each napkin has the sponsors listed and how much each of them donated. The napkin could also give future dates for events or next years golf outing.
