Digital 12oz. Insulated Paper Cup

Digital 12oz. Insulated Paper Cup (DIG812)

Refresh a current marketing campaign with a promotional product that's ideal for virtually any business, fundraiser or special event! This digitally printed 12oz. insulated paper cup from our TGI Digital Line, is conveniently designed to hold hot or cold beverages making it a great way to promote your business at concert venues, outdoor festivals and coffee shops. Proudly made in the USA and BPA free, these cups can help build brand awareness with each sip!

A car dealership serves coffee to customers in the service center and financing offices. The dealer's new line of cars and trucks is digitally printed on our 12oz. Insulated coffee cups and mentions special pricing or discounts on that particular model. With digital imprinting, the dealership is able to show off their new vehicles in beautiful, full-color images.

A new drive-thru coffee shop serves customers their coffee in Tranter's disposable, full-color insulated coffee cups. The shop logo is printed on the front of the cups. On the back, a series of eye-catching taglines such as "Don't Drive and Drink Cold Coffee" are displayed.

A church has their summer sermon series logo and important upcoming dates for members printed in full-color on 12oz. insulated paper cups. The inspirationally printed cups are used in the church's downstairs coffee bar before and after Sunday services.

If the church is partnered with a mission organization that seeks members of the church to sponsor children in need, our 12oz. Insulated cups can be used for a sponsorship campaign. Each week, pictures of a child, along with their name and some basic information are printed on each cup.
