**SPECIAL ADVISEMENT**

fill & loss will occur when imprinting.

**SPECIAL NOTE:**  
We print with uncoated colors & our metallic inks have a matte finish.

Since colors vary from monitor to monitor, please reference a pantone book for accurate reference.

We will match to within 1 shade on a PMS match and 2 shades on a standard color. Contact your CSR for further questions.

This proof represents position & layout only & will not show detail fill/loss or registration problems that may occur during printing. Please order a press proof if this is a concern.
